D Card information

Replacement

If your card has been lost or stolen, you must apply for a replacement card within seven days. You can either:

Apply on-line at www.gov.uk/apply-driver-digital-tachograph-card or Phone **0300 790 6109** (between 8am and 7pm Monday to Friday, and between 8am and 2pm on Saturdays) to complete this form.

We only accept payments by Visa, Mastercard or Delta over the phone. A replacement card will be issued within eight working days of receiving a valid application.

Malfunctioning and damaged cards

Before applying make sure you try the card in another vehicle unit (VU) to make sure it is the card, not the VU, that is faulty. Check the VU manual to make sure that it is a card error.

Return your malfunctioning or damaged card to us.

If your card is malfunctioning and you do not return it, we will treat it as being lost and you will have to pay a fee for a replacement. You need to pay for a replacement if the card is lost, stolen or has been damaged.

You should attempt to download data from your card before returning it to DVLA.

Renewing your card

Make sure you apply to renew your card at least 15 working days before it expires. Failure to do so will mean you will not be able to record information. Once the card expires it can only be used to display, print or download the data held on it. Expired cards do not need to be returned and should be kept for 28 days after expiry. Data must be downloaded from expired cards before they are disposed of. You as the driver are responsible for making sure your digital tachograph driver card is renewed before its expiry.

If your digital tachograph driver card has expired for more than 5 years

This record will have been deleted (to comply with UK General Data Protection Regulation (GDPR) guidelines).

To get a new card you need to reapply (as a first application) and pay the appropriate fee.

Change of name, gender, lost or stolen applications only

Do not return your digital tachograph card with this application.

When you receive your new card you will also be sent a confirmation of receipt letter which must be filled in and returned to DVLA.

Change of address

Do not return your digital tachograph card with this application.

If you are a GB driving licence holder you will only need to update the address on your driving licence as this will automatically update your digital tachograph record. You can do this online at www.gov.uk/change-address-driving-licence (to change address only).

- by filling in the 'changes' section on letter D741 that came with your licence and send it to DVLA, Swansea, SA99 1BN
